

# BROOM

## PRODUCT SPECIFICATIONS

KUBOTA

### BS3000 HST Broom Features

The Kubota B3000 is compact and light enough to be towed on a tandem trailer behind a ute or light crew cab but with sweeping capabilities you would normally expect from something three times the size.

- 30HP B3000 with three range HST transmission
- ROPS or air-conditioned factory cabin models available
- Remote mounted pre-cleaner on ROPS or cabin
- Flashing beacon with dash mounted switch
- Front mounted 1.75m five section hydraulic driven broom
- Independent PTO mounted broom pump and filtered 60 litre rear mounted reservoir for maximum cooling
- Clutchless engagement of broom drive
- Hydraulic lift and angle via cab or platform mounted joy stick
- Electro hydraulic anti-drop valve prevents storage damage to brushes
- Unique spring activated contour following lateral pivot on broom ensures substantially reduced coning and even brush wear
- Operator can easily replace brush sections in the field in just minutes.
